

COLLEGIATE CO-CHAIR OPPORTUNITIES

The Midwest Collegiate Computing Conference – MWC3 March 21-22, 2024

Purpose:

To provide computing students, in the Midwest, a Collegiate level Computing conference to cater to the evolving needs of students in computing-related fields!

Grand Valley State University is hosting this two-day event for students to learn about work and internship opportunities in their fields as well as compete with their peers from regional colleges/universities in several competitions, learn more at both keynote and breakout sessions and, most importantly, attend a professional conference.

In a compact and affordable two-day format, the MWC3 is positioned to be the Midwest's top computing collegiate competition, networking, and career building event. Student attendees will be able to prove their technology skills amongst their peers in a variety of computing competitions, network with industry professionals, and connect with employers looking to fill computing internships and/or full-time positions.

Conference Attendee Profile

Over 100 of the region's top computing students and faculty from colleges and universities across the Midwest are expected to attend this 4th Annual event that is the culmination of their academic year. The target audience for MWC3 are students majoring or minoring in the computing disciplines. The event is open to ALL College & University students in a Computing-related field of study

Collegiate Co-Chair Benefits - \$1,500

- **Complimentary conference registration for all students from your college/university**
- Recognition of your status on the event website with a link to your Computing program on our website as well as in all publicity materials, emails, signage, and our conference program
- An exhibit table to promote your school and Computing Education opportunities
- Faculty members become part the Conference Committee (optional)
- Letter of appreciation for faculty sent to their college (optional)
