3RD ANNUAL MIDWEST COLLEGIATE COMPUTING CONFERENCE

FRIDAY-SATURDAY, MARCH 20-21, 2020

SPONSORED BY OPEN SYSTEMS TECHNOLOGIES (OST)

The Midwest Collegiate Computing Conference (MWC3) this year is on March 20-21, 2020, at the Grand Valley State University Eberhard Center in Grand Rapids, MI. The conference is a joint venture between area businesses and educators passionate about encouraging Information Technology/ Information Systems skills at the collegiate level. The conference goal is to provide students both a learning and competitive environment in which to improve and test their skills all while networking with local business leaders/ employers.

The theme this year is **Securing the Future of IT** with speakers emphasizing the direction of technology development in the marketplace today. Competitions cover a wide range of knowledge and skills including enterprise infrastructure, application development, and systems/database.
